

## **Psoriatic Arthritis Pharmacotherapy Market - Global Industry Analysis, Size, Share, Growth, Trends, and Forecast 2012 - 2018**

Psoriatic Arthritis is a type of rheumatoid arthritis which mainly affects fingers and toes followed by psoriasis. Moreover, a condition in which person has both psoriasis and arthritis is identified to have suffered from psoriatic arthritis. Major symptom for psoriatic arthritis is associated with inflammation of the skin and joints. About 11% of patients who has psoriatic also develop inflammation of their joints in a time frame ranging from 6 months to 1 year or sometimes even more, depending upon the personality of the patient.

The global psoriatic arthritis pharmacotherapy market has experienced strong growth rate and is forecasted to experience continued growth in the future years due to increased use of biologics drugs mainly tumor necrosis factor inhibitor (TNF). There exist five different types of psoriatic arthritis which includes different joints and spinal column. Also, there are three main category of drugs such as DMARDs (disease modifying anti-rheumatic drugs), biologics and NSAIDs.

This research report analyzes this market depending on its market segments, major geographies, and current market trends. Geographies analyzed under this research report include

- North America
- Asia Pacific
- Europe
- Rest of the World

### **This report provides comprehensive analysis of**

- Market growth drivers

- Factors limiting market growth
- Current market trends
- Market structure
- Market projections for upcoming years

This report is a complete study of current trends in the market, industry growth drivers, and restraints. It provides market projections for the coming years. It includes analysis of recent developments in technology, Porter's five force model analysis and detailed profiles of top industry players. The report also includes a review of micro and macro factors essential for the existing market players and new entrants along with detailed value chain analysis.

### **Reasons for Buying this Report**

- This report provides pin-point analysis for changing competitive dynamics
- It provides a forward looking perspective on different factors driving or restraining market growth
- It provides a technological growth map over time to understand the industry growth rate
- It provides a seven-year forecast assessed on the basis of how the market is predicted to grow
- It helps in understanding the key product segments and their future
- It provides pin point analysis of changing competition dynamics and keeps you ahead of competitors
- It helps in making informed business decisions by having complete insights of market and by making in-depth analysis of market segments
- It provides distinctive graphics and exemplified SWOT analysis of major market segments

## **About us:-**

Transparency Market Research (TMR) is a market intelligence company providing global business research reports and consulting services. Our exclusive blend of quantitative forecasting and trends analysis provides forward-looking insights for thousands of decision-makers.

TMR's experienced team of analysts, researchers, and consultants use proprietary data sources along with various tools and techniques to gather and analyze information. Our business offerings represent the latest and the most reliable information which is indispensable for businesses to sustain their competitive edge.

Our data repository is continuously updated and revised by a team of research experts so that it always reflects the latest trends and information. With broad research and analysis capability, Transparency Market Research employs rigorous primary and secondary research techniques in developing distinctive data sets and research material for business reports.

## **Our Approach**

- Our research reports cover global markets, present analysis and forecast for a period of five years.
- The market structure and forecasts are developed on the basis of secondary research and are cross-validated through primaries conducted with industry players and key opinion leaders (KOLs).
- Respondents are led through a questionnaire to gather quantitative and qualitative inputs on their operations, performance, strategies and views on the overall market, including key developments and technology trends.
